OUR SCHOOLS

WHY CHOOSE BASIC FUND

By supporting students early in their education they learn more than academics. High standards, accountability, discipline and a love of learning leads to the development of human capital and to long-term success.

IMMEDIACY

Scholarships paid directly to the school of choice on behalf of each BASIC Fund family is the most immediate way to change a student's life and to positively impact the student, the family and the community.

ALIGNMENT

Parental involvement has proven to be a key factor in a child's academic success. Our families place a high priority on their children's education and each family must pay a portion of tuition.

EFFICIENT

100% of funds raised are immediately translated into scholarships that put children in private school seats. All administration costs are covered by our Board of Directors. Our scholarships are awarded based on a family's need - not grades, test scores, or a lottery.

STABILITY

We are committed partners with our families. When a student gets a scholarship from BASIC Fund, we renew the scholarship every year through the eighth grade, given the family continues to qualify. We also provide scholarships for their siblings.
